

Dialog

```
classDiagram
    class Dialog
    class NodeDeleteConfirmationDialog
    Dialog <|-- NodeDeleteConfirmationDialog
```

A UML class diagram illustrating inheritance. At the top is a box labeled 'Dialog'. Below it is a box labeled 'NodeDeleteConfirmationDialog'. A blue arrow points from the 'NodeDeleteConfirmationDialog' box up to the 'Dialog' box, indicating that 'NodeDeleteConfirmationDialog' inherits from 'Dialog'.

NodeDeleteConfirmationDialog
